- factories
- hospitals
- canteens

## Auto Care & Workshop

### Auto Washing

#### Qualkleen WW

Wash and wax motor vehicle shampoo specifically formulated to enhance the shine of waxed and polished vehicles.

- safe on metallic surfaces
- safe on rust-proofed vehicles

#### Qualkleen C

A concentrated motor vehicle shampoo specifically formulated for removing traffic dirt without damaging surfaces.

- removes wax and polish
- safe on metallic surfaces

#### Superdet GC

Effective, economical, biodegradable glass and mirror cleaner. Spray-on, wipe-off.

#### Superkleen

A highly effective stain remover for carpets, upholstery and laundry.

- non-toxic
- non-corrosive
- safe on colours

#### Dashboard Cleaner

A high quality water-based polish for all vinyl.

- polishes
- protects
- no residue or marks

#### Bumper Cleaner

A 3-in-1 cleaner with long lasting shine for bumpers and moulded trim on vehicles.

- cleans
- polishes
- revitalises

### Floor Cleaning

#### FC 205

An extra heavy-duty powder floor detergent. Removes heavy ground-in dirt, burnt on grease and carbon deposits from:

- ceramic tiles
- stainless steel
- painted surfaces
- quarry tiles
- aluminium
- wood
- concrete

#### FC 215

A powerful floor degreaser for unpainted concrete floors. Grease and oil become soluble and float to the surface of the floor to facilitate easy removal.

#### Qualglo TS

A quality tyre-shine. Quick drying for a high shine that is long-lasting.

### Specialised

#### Carbon Off

A unique blend of solvents, acids and penetrating agents for the quick removal of carbon, grease, fat, paint and other carbonaceous matter.

#### Deruster

An effective blend of agents for derusting all ferrous metals. A corrosion-inhibitor prevents attacks on clean metal.

#### SS 190

Cleaning solvent degreaser for electrical components.

- low toxicity
- flash point of 90°C
- non-conductive
- no residue
- safe on most insulations
- de-moisturising

#### 88 XL

Fast-acting, heavy-duty aluminium cleaner with power to remove dirt and corrosion.

- brightener
- welding pre-treatment
- clean-rinsing

#### Bead Lube

A general-purpose lubricant that contains a rust-inhibitor.

- fitting tyres to steel rims
- lubricating building-moulds

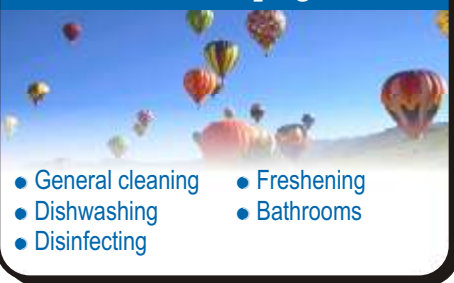

#### Tyre Paint

A water-based tyre blackener for use when washing or valeting vehicles.
