General

Acid Descaler
A mineral acid formula for removing lime scale, salt deposits and rust from metal.

Carbon Off
A unique blend of solvents, acids and penetrating agents for the quick removal of carbon, grease, fat, paint and other carbonaceous matter.

Cartridge Cleaner
For the cleaning of spent cartridge cases and other copper items.

Defoamer
Used to cut foam in products that are used in cleaning machines.

Lime Solvent
Removes lime film, cement, iron stains and scale from stainless steel, aluminium, ceramics, glass, plastic and bricks.

Presswash FD
Fast-drying cleaner for printing presses.

Presswash SD
Slow-drying cleaner for printing presses.

SS 190
Cleaning solvent degreaser for electrical components.

- low toxicity
- flash point of 90°C
- non conductive
- no residue
- safe on most insulations
- de-moisturising

Tetracide BCZ
Highly concentrated spray-on solution for removal of algae. Removes dirt, algae and fungus and prevents their regrowth. Pre-treatment for exterior surfaces before painting.

Specialised

Sanitising

Deodouriser

Highly concentrated disinfectant and deodouriser with blend of quaternary ammonium disinfectants. Strong disinfecting and deodourising action.

- refuse handling areas
- offal plants

Tetracide BZ 50

Concentrated biocide. Sterilising solution that yields a 99.99% kill for staphylococcus aureus, pseudomonas aeruginosa and e. Coli.

Port-A-Loo Blue

A hygienic treatment for portable and pit toilets. Effectively breaks down solid matter while disinfecting.

Waterproofing

Qualseal RM 101

Waterproofing compound kit that forms a lasting seal when blended with ordinary cement and applied with membrane.

Qualseal Water Repellant

A blend of acrylic esters which seal and protect surfaces from water penetration. Remains flexible and crack resistant.

Styrecoat

A unique elastic paint that is highly crack-resistant. Used for painting and sealing roofs and walls that are exposed to water.

Pool Care

Acticide 4

Water conditioner and stabiliser for swimming pools. The conditioner keeps the water sparkling and clear and inhibits reactions to adverse conditions.

Hyprox

An effective alternative to granular chlorine for the maintenance of swimming pool water. Safe in all common types of pools.

Pool Acid

Acid for correcting the pH of water.

General

Tornado

Tornado-like action clears drain blockages. Safe to use on porcelain, glass and most metals.
